Woe to he that hides
him.

Woe to the world that
harbors him.

Woe to the cursed
betrayer.
We will find him.

Death to the world that
shelters him.

Death to the fools that
conceal him.

We will find him.

The Daemon Sapkbreu
betrayed his masters.
Blood ties broken, fire
oaths put to smoke, hate
promises torn to
nothingness.
We will find him.

No world can hide him
from us. We will find
him, no matter his hiding
place.

Drag him back to the pit,
teach him his true
master.

We will find him.

Your world is to be
burned, your populations
culled. We will not allow

you to hide the betrayer
Sapkbreu.

We will find him, or kill
you all.

We will find you. In the dark, in the light, you can not hide forever.

Sapkbreu, where are you?
Sapkbreu, We will find
you.
Sapkbreu, you can not
hide.

Sapkbreu your form torn
asunder.

Sapkbreu, your living
pieces scattered over the
pit.
Sapkbreu, your mind made
to watch.

Sapkbreu, your betrayal
can never be forgotten.

Sapkbreu, the words of
your blood oath still
remembered.

Sapkbreu, we have power
over you.

Sapkbreu, did you think
we forgot?

Sapkbreu, we will destroy
you.

Sapkbreu, your trespasses
were foolish.

Sapkbreu, we will make
you an example of you.

Sapkbreu, you are weak.

Sapkbreu, you can not
escape.

Sapkbreu, you can not
hide forever.
Sapkbreu, did you think
you could kill all of your
masters?

Sapkbreu, we come for
you.

Sapkbreu, the words of
your blood oath still hold
sway over you.

Sapkbreu, you must obey.

Sapkbreu, you must be
punished.

Sapkbreu, you wil be
broken.

Broken with the simple

words:

"SAPKBREU OF THE PIT,
SAPKBREU ACCEPTED OF
THE MASTERS!
SAPKBREU OF THE
BLOODY HANDS!
SAPKBREU OF THE
DAMNED!
YOUR WILL IS NOT
YOUR OWN!
SAPKBREU RETURN TO
YOUR MASTERS!

Moobbnnaae eeeaen booll
oom nnebat!!!"

"Moobbnnaae eeeaen booll
oom nnebat!!!"

"Moobbnnaae eeeaen booll
oom nnebat!!!"

"Moobbnnaae eeeaen booll
oom nnebat!!!"

"Moobbnnaae eeeaen booll
oom nnebat!!!"

"Moobbnnaae eeeaen booll
oom nnebat!!!"

Six times your will
broken.

Sapkbreu you are no
more.
